

AMBOY BANK

Annual Investment & Credit Report — Fiscal Year 2024

Prepared for the Board Investment & Credit Risk Committee · CONFIDENTIAL — synthetic data for demonstration

Executive Summary

In fiscal year 2024 Amboy Bank grew total assets to \$1,482.0M while maintaining a Tier 1 capital ratio of 11.4%. Asset quality was stable but elevated: the non-performing asset (NPA) ratio stood at 1.62% and the net charge-off rate at 0.48%. Allowance for credit losses (ACL) coverage was 312%. Commercial real estate (CRE) concentration reached 40% of the loan book — above the 35% internal policy limit — and the top-5 issuers made up 63% of the securities portfolio. Net income for the year was \$14.28M.

Financial Highlights

Metric	FY2024
Total assets	\$1,482.0M
Total loans	\$1,046.5M
Total deposits	\$1,201.3M
Net income	\$14.28M
Tier 1 capital ratio	11.4%
NPA ratio	1.62%
Net charge-off rate	0.48%
ACL coverage ratio	312%
CRE concentration	40%
Top-5 issuer concentration	63%

Credit Quality & Risk Observations

- **[HIGH]** CRE concentration of 40% exceeds the 35% internal policy limit.
- **[MEDIUM]** Top-5 issuer concentration of 63% of the securities book is elevated.
- **[MEDIUM]** Net charge-off rate of 0.48% is approaching the 0.50% tolerance.
- **[LOW]** Tier 1 capital ratio of 11.4% is above the 10.0% internal floor.

Rate-shock sensitivity (illustrative, not a forecast): under a parallel +200 bps shock, first-order earnings-at-risk is estimated using the one-year repricing gap; management views the exposure as manageable within current limits.
